

Meeting 2: Thursday 20th October 2022

Agenda 1: Anything to be communicated?

- There is a lack of equipment to play with in the playground at play and dinner times.
- Many children in the school would like to have a school pet!

Discussed the above agendas with Mrs Thorpe:

Mr Fawcett is currently in the process of building a new school shed, to be placed within the school field. The older shed (located in the car park) is going to be emptied and there are lots of pieces of playing equipment which the children will have access to during playtimes. Mrs Thorpe is certainly considering the prospect of a school pet; however, this is a rather large responsibility and there is lots involved- stay tuned!

Agenda 2: Choose a winning British Values poster from each year group.

The school council deliberated for over thirty minutes and finally chose 8 designs to be displayed throughout the school.

Keep an eye out to see if your design was a winner.

The council decided that all children who took part deserve a Dojo and the winners deserve 5 each!

(Make sure to let your teachers know if you have achieved a Dojo!)

Mrs Burkill is in the process of displaying the chosen posters throughout the school.

Plans for the next meeting:

Mrs Thorpe has requested the school council research the types of sports activities the children would like to be offered from the sports coaches at dinner times.

It has been noticed that not many children are engaging within the current activities- it would be brilliant to know the types of games the children would want to play and get everyone involved as much as possible!

Remember: We are a 'Healthy School' and a large part of that includes keeping active and getting involved in exercise!

Healthy Schools

Meeting 2: Thursday 10th November 2022

Agenda 1: Anything to be communicated? / Updates on agendas discussed in the previous meeting.

Agenda 2: Assess feedback given for lunch time sport activities.
